

Dumont Shade Tree Arboretum

West Shore Ave Between Madison and New Milford

FUN for 2011

Join in the 2011 Arboretum Development Project!

So far, we have received 2 grants for tree planting, soils, a flagpole and signage, and now...
Its time for the big fun stuff:

A Brick Walkway from Madison Ave, meandering north through the baby trees and past the established trees at the northern area. How pleasant? A place walk up to New Milford Avenue... and join up all the stores in a nicer commercial district. (And a great fund-raiser)

Gardening, to celebrate the environment with flowers and shrubs, under trees, along the entire Arboretum walk, and at the parking areas. Special educational interest would be demonstrations of how to plant low maintenance plants and what to grow in the shade! How about boxwood lined walkway? A blue and white flower shade garden? Call Abbie or Ray Slaman 201-384-6024.

A Gazebo, nestled in the baby trees to make a nice focal point for arboretum educational events, arbor day, and a resting place in cool shade for healthful walking.

"Acorn" and other Educational Programs, to give our young Dumontians a fun morning and a membership in the new Arboretum Foundation. Call Tom Fisichella 201-385-6756.

If you are interested in forming a committee or serving on the new Arboretum Board,
Please contact Sally Tayeb 917-579-0328 or DumontSTC@yahoo.com.
Sponsored by the Dumont Shade Tree Commission, Borough Hall, Dumont, NJ.
